

June 18th 2020

Dear Parents,

We are required by Ottawa Public Health to ask parents of children who will be attending the Beacon Learning Centre during the pandemic to sign the attached note and send it back electronically to the BLC. If you do not have a scanner, you may take a photo and email it to me. It was nice meeting so many of you on zoom last night. Here is a list of things that you will need to bring on your child's first day back:

1. Diapers, if used
2. At least two changes of clothing, everything labeled
3. Shoes or sandals that can get wet
4. A light rest time blanket, labeled
5. A rest time stuffie, if needed, labeled
6. Sunscreen, labeled (during the pandemic we are not allowed to provide the sunscreen)
7. A water bottle, labeled, which will return home with your child every day
8. A sunhat, labeled

Please apply sunscreen each morning before dropping off your child. We will reapply after rest time.

Please check your child's temperature and look for signs of ill health before coming to BLC. We will do another screening with temperature check at the door.

We are all excited about seeing the children when they come back to BLC even if the screening table does look a bit off putting when you first arrive.

Jackie

.....

I, _____, parent/guardian of _____
have been informed of the possibility of exposure to Covid 19 when my child attends the Beacon Learning Centre.

Signed
